

Why Join?

Autism New Jersey Gets Results

Autism New Jersey is the state's leading advocacy organization supporting the autism community. Our public policy efforts have yielded meaningful progress and results directly benefiting individuals with autism and their families. Recent legislative accomplishments include:

FEDERAL:

- **“Combating Autism Reauthorization Act”** is a continuation of the 2006 autism research incentive. Autism New Jersey is providing input to bill sponsor, Senator Robert Menendez, to increase its scope with more services provided.

STATE:

- **DHS Data Collection Bill (S2028/A2878)** to require information about clients with developmental disabilities to be available to them and their guardians. Autism New Jersey has met with the bill's sponsors in the Senate and Assembly and provided testimony in support of it.

- Autism New Jersey continues to advocate for the implementation of P.L. 2007 c.171, the **autism instruction curriculum** for teachers by the Department of Education.
- Law requiring **health benefits coverage** for certain therapies for the treatment of autism spectrum disorders (P.L. 2009 C.115).

APPOINTMENTS AND COMMITTEES:

- Executive Director Dr. Linda Meyer serves on the **Governor's Council on Medical Research and Treatment of Autism.**

Our Voice is Heard and Respected.

Fact: New Jersey is facing another budget deficit. Autism New Jersey is your watchdog to help ensure any cuts do not adversely affect individuals with autism and the services they need to thrive. Our Public Policy Department will comment on and provide input into the State's 2012 budget with regard to autism services.

For Autism New Jersey to be Strong, your Support is a Must!

Autism New Jersey depends on membership dollars. We depend on your membership numbers to guarantee our collective voice is strong. Parents, grandparents, siblings, extended family and friends, professionals and persons with ASDs can all make a difference.
